

Dear Hair in Motion Beauty Academy,

I would like to start off by saying that I am beyond grateful for the opportunity to have reached a goal I never thought I would have achieved had it not been for you. I want to thank you for providing me with the absolute best instructors who guided me thru this journey and taught me the knowledge and skills in order to not only become a licensed professional, but to become an accomplished professional.

While attending daily courses I was given such an amazing staff to work with who showed by example what this profession truly stands for. I am forever proud to say I am a graduate of your Cosmetology Class of 2021 and I hope you continue to help individuals like me achieve their goals for years to come. I am forever proud of the program and assistance given thru our local county government who aided so many in achieving their dreams. This truly was a blessing even thru a pandemic to see with my own eyes you and our local government work so closely together to make so many dreams come true. Providing the assistance made the difference and was what propelled many into future careers whom otherwise wouldn't have been reached without such help.

In ending I want to say to you Hair in Motion Beauty Academy , I hope you continue for years to come. I hope you continue to grow. I hope you have reciprocal success like the students you have prepared and made successful. I hope you and our local government can continue to help make such huge impacts on so many lives together for years to come, and I pray that you are forever blessed as you have forever blessed me.

With great appreciation and kind regards,

Michael Anthony Rojas
Cosmetology Student Class of 2021
